

NIH Continuing Resolution

As has occurred in previous years, the NIH has not yet received its final budget appropriation and is therefore now acting on a continuing resolution. This means that until the final 2008 FY appropriation is enacted, NIH will be issuing all non-competing continuation awards at a level below that indicated in the last award notice (NOA). NIH will then consider upward adjustments to these levels after final appropriation is enacted, but expects institutions to monitor their expenditures carefully during this period. <http://grants.nih.gov/grants/guide/notice-files/NOT-OD-08-001.html>
